

## October 2016 President's Newsletter

There's just not much to report regarding TLQMC for this month. Don't hesitate to get in your application for the Welcome Back tournament to be played on November 21<sup>st</sup>. If you did not receive Ed Warman's email you can contact him at [ed\\_warman@outlook.com](mailto:ed_warman@outlook.com). This is one of our premier events and you don't want to miss it.

I should have a new schedule of green fees for 2017 by the beginning of next month. If I receive the information sooner I will send it by separate email. Also the renewal time for your club dues is just around the corner. Be on the lookout for emails from Membership Chair Ray Dorfman.

All of the news for now is being generated by The Golf Club at La Quinta. An unusual two days of rain last week interrupted the overseeding process however the skinning of the course is now proceeding as planned. For obvious reasons, while this work and other repairs are being done, the staff asks that you not drive your cart, walk your dog or jog on the course or cart paths until it reopens for play.

Now the big news of the month, maybe the year...the temporary Pro Shop (trailer) is now in place! As most of you already know the plan going forward is to remodel the original pro shop into a bar and grille with a new dining patio on the parking lot side of the structure. This news follows on top of the announcement at the recent HOA meeting that a landscape beta site, paid for by the Golf Course, will be installed on the south side of the green of hole number one. It will wrap around the green continue along Trilogy Parkway. This beta site is intended to give all residents an idea of what a renovation of the perimeter landscaping would/could look like. The beta site should be completed by

the reopening of the golf course. The transformation of the pro shop will soon be underway and I should be able to provide a more detailed time line for you in my next newsletter. Keep your fingers crossed.

Last but not least, the next time you put down your sticks after a round offer a toast to the King. Arnold Palmer was and forever will be the face and heart of golf for duffers of our age. The man was an inspiration on many levels. He will be missed.

Pat
